[Company Name] Maintains Effective Security Controls According to SOC 1 Report

[City, State]—[Date]—Today, [Company Name] announced that the company has completed a System and Organization Controls (SOC) 1 examination. The examination resulted in a CPA’s report stating that [Company Name] maintained effective internal controls over the design and operating effectiveness of its [Name of System] system relevant to financial reporting.

“This achievement exemplifies [Company Name]’s commitment to delivering a high quality, secure experience to our clients,” said [Company Representative Name and Title]. “We hope that achieving this milestone inspires confidence and assures our partners and stakeholders that trust and integrity are our top priorities.”

A SOC 1 report is designed to protect customer data by validating controls over the completeness and accuracy of financial transactions and financial statement reporting.

The engagement was performed by [BARR Advisory, P.A.](#), a global cybersecurity consulting and compliance attestation firm that has served as a trusted advisor to hundreds of cloud-based and hybrid organizations aiming to build trust and resilience through cybersecurity compliance.
